

Fall 2021 Homeschool Art Westfield Washington Library  
Instructor: Tina Mangos

### Middle School/High School

Traditional studio art experience incorporating composition, color, and technical skills. Depending on the unit, materials and projects may include oil pastels, watercolor, mixed media, collage, painting, figure drawing, perspective, and sculpture. Class size is small for individual attention, and Instruction is adapted to each student's learning style and skill level. There is plenty of room for personal expression within the well-organized step-by-step projects. All materials are provided.

### Elementary Art

Fall-1 session is full.  
Please register for Fall-2 Nov 4-Dec 16

Students will improve manual coordination and creative expression. They'll use a variety of materials in well-designed step-by-step projects. By age 8, students can learn perspective, figure drawing, sketching, proportion, color theory, composition, and all the necessary skills to develop their creativity and their brains. Instruction is adapted to each student's learning style and skill level. It's a stress-free environment with both individual focus and sharing of ideas.

.....  
Ms. Mangos has 40 years experience with a wide variety of educational settings and student populations. Her teaching methods of "cross-training the brain" help students develop both problem-solving skills and creative thinking.
